## SUMMARY

Final-year Computer Science student with a focus on web development, experienced in building dynamic, responsive applications using modern technologies. Passionate about creating user-friendly solutions and contributing to impactful projects both independently and in team settings.

## SKILLS

**Programming Languages:** C, Python, JavaScript  
**Markup & Styling:** HTML5, CSS3, Bootstrap  
**Frameworks & Libraries:** React, Node.js, MongoDB

**Version Control:** Git, GitHub  
**Development & Deployment Tools:** VS Code, Netlify, Railway

## EDUCATION

**Francis Xavier engineering college , Tirunelveli**  
Bachelor of Computer Science and Engineering - 8.67  
Nov 2022 - Jun 2026

**HSC-Nadar Higher Secondary School, Kovilpatti - 86%**  
Jun 2020 - Jun 2021

**SSLC - Everest Matriculation School , Kovilpatti - 83%**  
Jun 2018 - Apr 2019

## PROJECTS

**AspireHub-Career Guidance Portal** 

- Tech Stack:* Node.js, EJS, MongoDB
- Developed a responsive portal to guide students after 10th/12th, featuring course info, authentication, and contact form integration.

**Muzeolux – Museum Auction System** 

- Tech Stack:* React, Node.js, MongoDB
- Built an online auction platform with artifact listings, department filters, and real-time bidding features.

**Blog Website** 

- Tech Stack:* Node.js, Express.js, EJS, MongoDB
- Developed a full-stack blog platform with server-side rendering, CRUD functionality, and clean routing as part of an internship at Infosmite.

**Instagram Authentication Clone** 

- Tech Stack:* HTML, CSS, JavaScript
- Created a frontend clone of Instagram’s login/signup interface with responsive design.

**Apple Website Clone** 

- Tech Stack:* HTML, CSS, JavaScript
- Designed a pixel-perfect replica of the Apple homepage focused on responsiveness and layout.

**BlinkBazaar – E-commerce Website**

- Tech Stack:* React, CSS, JavaScript
- Designed a user-friendly e-commerce platform with listing of items and add to cart features

## EXPERIENCE

**Bluescope Information Technology,Tirunelveli**  
Frontend Development Intern  
Jun 2024 - Jul 2024  
Contributed to front-end web development projects using HTML, CSS, and Bootstrap. Gained hands-on experience in industry practices and version control tools like Git

**Infosmite Pvt Ltd , Tirunelveli**  
Backend Development Intern  
Dec 2024 - Jan 2024  
Built a fully functional blog website using Node.js and MongoDB, focusing on scalable and efficient server-side development, database management, and RESTful API integration.

## CERTIFICATE

Python for AI and ML (Infosmite)

Developer Certification with Responsive Web design (Free code camp)

Javascript Essentials (Cisco Networking Academy)

Introduction to IoT with Elite+Silver Grade (NPTEL)

Devops on Aws (AWS training and certification)

## LANGUAGE

English                      Tamil
